**El Paso Freight Company Trans-Expedite, Inc.
To Be Featured on Eye on America
National News Broadcast**

El Paso, TX - Trans-Expedite Inc. will be featured in a national Eye on America news story on the Fox Business Network (Time Warner Cable 358, Direct TV 359) Sunday, July 27 at 3:30 p.m. Eastern Standard time. The production crew from Eye on America filmed on location at Trans Expedite and at El Paso International Airport earlier this year.

Trans -Expedite caught the eye of Eye on America when Keeli Jernigan, President of the company, was named to the top 50 fastest-growing women-led companies in North America by Entrepreneur Magazine last year. Jernigan, who founded the company with her husband Mark Jernigan in 2001, was ranked #19 in The Top 50. She attended the awards ceremony in New York City in December.

Trans-Expedite is a full-service freight forwarding company headquartered at 7 Founders Boulevard near El Paso International Airport. It has grown from a small operation with four employees to a multi-million dollar business with expanded facilities. The company, which specializes in shipping and logistics services for freight management, opened its newest location in San Antonio in 2007.

The Eye on America news segment also aired last month on CNN Headline News in the Detroit and Chicago markets.
